

**Nam Tai Sub-forum of 2019 Great Bay Area Conference on Robotics  
And Artificial Intelligence Was Held successfully.**

SHENZHEN, PRC – November 1, 2019 – Nam Tai (Shenzhen) Technology Park Operations Management Co., Ltd. (“NTTP”), an in-direct wholly-owned subsidiary of Nam Tai Property Inc. (“Nam Tai ” or the “Company”) (NYSE Symbol: NTP) successfully held a sub-forum titled “Artificial Intelligence and Big Data Forum: the Future Development Trends” (“Sub-forum”) in Sheraton Hotel Greater China in Shenzhen in November 1, 2019. This Sub-forum was jointly held with the event co-organizers, including China International Communication Center of Science and Technology (“CICCST”), Shenzhen Association for Science and Technology (“SZSTA”), Shenzhen Association for Promotion of Industry-University-Research Cooperation (“SZIUR”).

The Sub-Forum, being part of the two-day "2019 Great Bay Area Conference on Robotics and Artificial Intelligence", attracted about 300 top figures in the field of big data and artificial intelligence (“AI”). Moderated by the guest Professor Wang Zhidong from Chiba University of Technology in Japan, the Sub-forum’s participants include Ying Jun, General Manager of Iflytek Co.Ltd Shenzhen, Yuan Peijiang, Chairman and CEO of Beijing Sensing Technology, Liu Xin, Director of Huawei ALTAS Eco-Development Department, Kong Bo, Vice President of Orbbeo, Ye Xunming, Secretary of Party Committee and Doctoral Supervisor of the Computer Science and Technology School of Harbin Institute of Technology (Shenzhen) (“HIT”). The above participants also gave speeches on AI and big data.

During the Sub-form, the management of NTTP made a speech on how technology parks could serve the AI industry, outlining the current situation of the development of AI in the world and the rapid development of China's AI industry. Expert participants had an intensive discussion on the topic of "The Evolution and Change of AI Technology".

After several speeches by guests, the "Shenzhen Big Data and Artificial Intelligence Industry Alliance" was officially launched, which is jointly sponsored by NTTP, HIT, SZIUR and Turing Robot. This alliance aims to build a platform for cooperation and exchange between AI and the big data industry, create a healthy, orderly, win-win industrial ecological chain and innovation atmosphere, empower enterprises to transform and upgrade, and promote the development of AI and big data industry in Shenzhen and the Greater Bay Area.

The success of this sub-forum and the establishment of the "Shenzhen Big Data and Artificial Intelligence Industry Alliance" are a solid step for Nam Tai as a technology park operator in the field of AI and big data. In the future, Nam Tai will take the advantages on technology experience and talents to build a cooperative platform for Industry-University-Research and provide high-end, customized quality services for enterprises entering our parks. We will also build the AI industry ecology for facilitating technology enterprises in our parks for success.

#### **ABOUT NAM TAI PROPERTY INC.**

We are an owner, developer and operator of technology parks. We hold several parcels of land located in Guangming and Gushu, Shenzhen, China. We are converting two parcels of land that formerly housed the manufacturing facilities of our prior businesses into high-end technology parks, Nam Tai Inno Park and Nam Tai Technology Center. We expect our principal income in the future will be derived from rental income from technology parks. Nam Tai Property Inc. is a corporation registered in the British Virgin Islands and listed on the New York Stock Exchange (Symbol: "NTP"). Please refer to the Nam Tai website ([www.namtai.com](http://www.namtai.com)) or the SEC website ([www.sec.gov](http://www.sec.gov)) for Nam Tai press releases and financial statements.
